REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The process for preparing the block copolymers capable of formula I or II capable of forming micelles charged with a drug therein, is novel because the closest related art Ichiro et al. (JP 11-335267) does not disclose dissolving the water scarcely soluble drug and block copolymer in a water non-miscible organic solvent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
